Warriors '67

Pride, spirit, and determination are three key words that helped make the 1967 "Warriors" one of the finest football teams in the valley. Feared and respected by every opponent, Mr. Henzes' ball club proved their determination and spirit all season long. They were a never-say-die team who gave everything in every game.

The young, aggressive "Warriors" had a season which was both successful and exciting. At the end of the football campaign, the record stood at seven victories and three defeats. The "Warriors" had little trouble toppling Archbald, Plains, Dunmore, and West Scranton. They showed outstanding team effort in defeating Tunkhannock, Scranton Tech, and Scranton Central. Although two of our defeats came at the hands of Shikellamy and Abington Heights, two tough opponents, both contests were well-played, hard-fought battles.

Psyched up by a lively pep meeting and bonfire, an exuberant pep squad, and color day observed throughout the school by the faculty and students, the "Warriors" were ready and waiting to meet their greatest and toughest rivals, the unbeaten "Patriots". Although our boys met with defeat at the Thanksgiving Game, they showed great teamwork and gave Pittston Area a hard fought battle that will long be remembered.

We are proud of our team and coaches, not only because of the great season, but also because they handled themselves at all times as gentlemen and fine examples of WAHS students. We hope that the future "Warriors" can maintain the high physical, mental, and spiritual caliber of the 1967 "Warriors," and we wish them luck in carrying on our Warrior tradition of pride, spirit, and determination.
