The Wyoming Area Warriors wrapped up their season with a record of eleven wins and two losses. The dedication and many long hours spent in practice proved to be worth it. Through efforts of a great defense and offense numerous opponents were left scoreless while others were able to score, but not enough to defeat the Warriors. The Warriors successfully defeated all their opponents in our division and became the Central Division champions. The season was then extended as they engaged in a playoff game and finally, the Eastern Conference game. Congratulations Warriors on a successful season, one we will always remember.

# Eastern Conference Championship Game

Pictured above with Head Coach Marranca are the captains of the 1984-85 Warrior football team, Jeff Hague (left) and Leo Malsky (right).

The MIGHTY Warriors are on the loose!

The Warrior team, band, cheerleaders, and fans traveled to Valley View on December 1, 1984 for the Eastern Conference championship game. It was the Warriors vs. the Cougars on this cold December day. The game began. It was one of the best and most exciting we've ever played. The competition was tough, but so were we. There was no way of predicting the winner until the very last second of the game. The Warriors pulled together and through their combined team effort did not allow victory to come easy to the Cougars. We may have lost, but Warriors, you are our champions and always will be. So stand up, be proud, shout your name out loud. We are the Warriors!

John and a friend.
